Anouk

The perfect blend of comfort and mobility

Inspired by the comfort of club chairs, our ANOUK chairs and sofas have a soft, enveloping design.

The seats have a steel base, and optional armrests and partitions can be added as required. The clever design makes this a versatile choice for reception areas, quiet zones, dining areas and informal meeting spaces.

To cater for agile workspaces, mobile versions with castors are also available.

More than just a seating solution, our ANOUK chairs and sofas shape and structure workspaces with style and elegance.

Anouk

Created by the EOL design studio

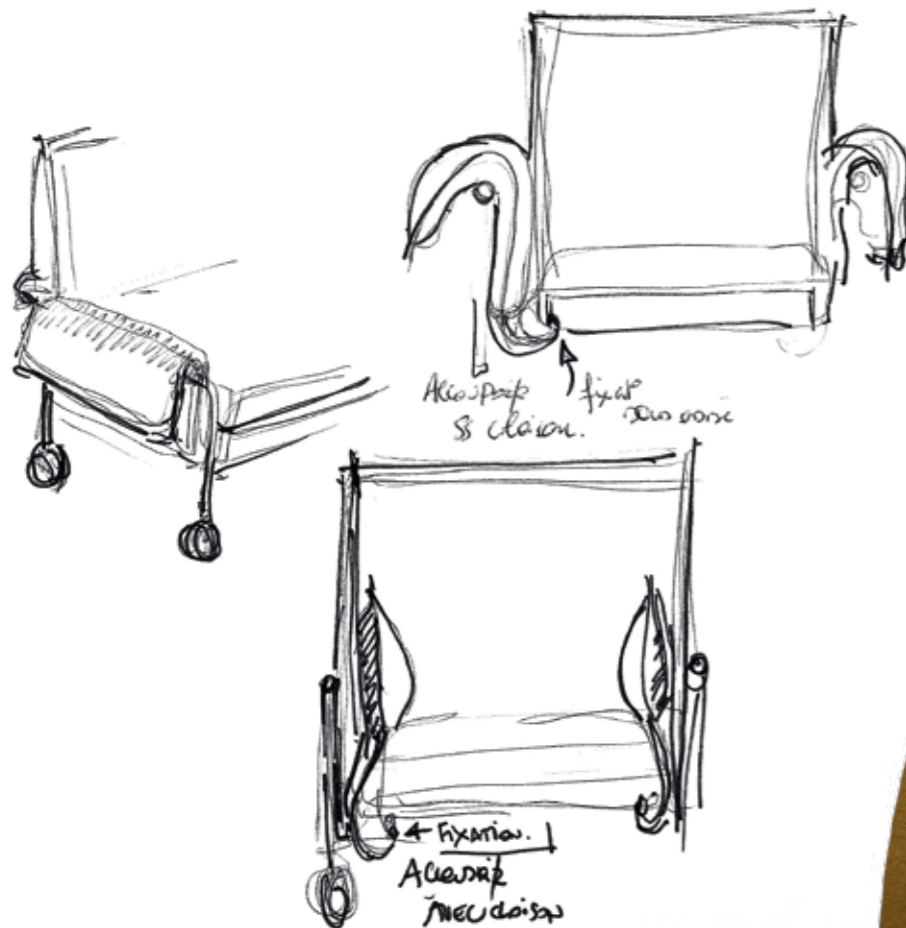

« With ANOUK we wanted to create a soft, enveloping chair as a comfortable seating solution for workspaces. »

The new ANOUK range features darts, stitching and piping inspired by clothing design.

Designed by our own creative team and produced at our factory in Normandy, France, the range perfectly illustrates EOL's expertise.

Pauline Codron
Art director EOL

Inspired by the history and values of French design, EOL's **Studio design** is a team of experts composed of an artistic director, product designers, and interior architects.

Their mission?

- › Conceive, design, and create EOL products
- › Advise you in your space planning project: listening, analyzing, creating 2D or 3D plans
- › Actively monitor trends to create a space that reflects your style.

Metal pedestals

Space configuration

Versatility

- › Thanks to the different seat heights (Lounge or Restaurant version) and options (partitions, armrests), the ANOUK chairs and sofas are ideal for reception areas, quiet zones, eating areas and informal spaces for breaks and meetings

Privacy

- › Partitions can be added to create private pods for quick meetings or focused work

Agility

- › The mobile versions with castors (optional) are easy to move around

Style & Design

Soft lines

- › Rounded, enveloping shape
- › Piping trim to emphasise the soft lines of the seat and backrest
- › Visible metal structure for support and a smart look

Customisable

- › With over 50 fabrics and 5 metal structure colours to choose from, there's something to suit every style

Comfy

Soft, enveloping seats

- › Soft, generous seats (high-resilience foam, 35 kg/m³)
- › Thick, soft armrests for even greater comfort (optional)

Ergonomic

- › Two seat heights available, to suit different uses

Sustainable

- › The core of the armrests is made from eco-friendly recycled cotton sourced from the French textile industry
- › Recycled fabrics available (Chili)
- › PEFC-certified wood from sustainably managed forests (seat base)

Wait/relax

Comfy, enveloping chairs and sofas for reception areas, lounges and informal meeting spaces

Brainstorm

The mobile versions are perfect for agile, creative spaces.

Why not add a MARTIN mobile whiteboard/screen for presentations and video calls with staff working from home?

Focus

With the optional partitions, ANOUK creates a quiet corner for focused work

Eat

Combine the sofas and chairs to create pleasant dining areas, with optional partitions for privacy

Get creative with your space!
